Shrubs and Trees 

ELEVEN ACRES OF ANNUAL PHLOX

A MILE OF MIGNONETTE, FLANKED BY POPPIES AND ASTERS

A FIELD OF SHIRLEY POPPIES

VICK'S SEED FARMS — SPENCERPORT, ELM GROVE, BARNARD

**E**VERY year our wholesale department makes a substantial increase in sales over previous high marks. In fact, our total sales are increasing more rapidly than our list of customers, which proves conclusively that the average customer is sending us larger and larger orders every year. This is, in itself, a record of which we are naturally proud, because this steadily increasing business is due to the confidence and good will of the many seed dealers and florists who send us their orders. We shall strive to the utmost of our ability to carefully sustain this reputation by furnishing the best quality seed and bulbs we are able to obtain. We realize that our entire success is wrapped up in the success of our customers. Hence, every business instinct prompts us to work for their welfare. We aim to test every stock, whether grown on our own farms or coming to us from other seed growers. We use every precaution to see that our wholesale customers get just as good stocks as we furnish to our best market garden trade.

Our own seed growing operations have expanded astonishingly in the last few years, so that we grow more acres of a general line of flowers than any other concern in America except in California. We are specializing, also, on a number of kinds of vegetable seeds for which there is an increasing demand in the trade.

It is getting extremely difficult to get good stocks from abroad. But a great many offers come from unreliable sources which we do not dare accept. All of our imported stock comes from the same firms with whom we have had dealings for many years. Because of abnormal conditions, a good many varieties of flower seeds cost us a great deal more than formerly. We have left our prices just as low as conditions will permit. We are certain, however, that in the long run the best is always the cheapest.

We especially urge our customers to send in their orders early, and not wait until the goods are wanted. While we make it a rule to fill every order the day of its arrival, the rush of late orders makes this work difficult. If our customers send for their seeds early, they will give us the opportunity to handle all of our trade easily, quickly and satisfactorily.

Finally, we extend to our numerous friends and customers cordial personal greetings, and hope that this season may be profitable and satisfactory in every way.

February, 1918.

JAMES VICK'S SONS,

ROCHESTER, N. Y.

License Number G-24465

### **IMPORTANT NOTICE**

All prices in this catalogue are made f. o. b. Rochester; every year, however, many customers, enclosing remittances with their orders, ask us to send small packages by mail. This we are always willing to do, providing the customer makes sufficient allowance in the order to cover postage, which never exceeds 12 cents per pound. Compliance with this rule will avoid delays in filling orders.

We call especial attention to our stocks of bulbs and plants listed on pages 44 to 52 inclusive. We have the largest quantity of first-class quality stocks in the history of this concern.

## TERMS

To all regular customers, all bills, with exceptions hereafter noted, for seeds, bulbs, or plants, if made on or before April 1st, will be due 60 days from date of invoice; if made between April 1st and June 1st, bills will be due on June 1st. A discount of 2 per cent. from such bills will be allowed if paid within ten days, or 1 per cent. if paid within 30 days from date of invoice. **Grass Seed, Clover Seed, Potatoes, and Onion Sets, invariably net cash.** Satisfactory references required from all new or unknown correspondents desiring credit. All orders from new customers amounting to less than \$5.00 must be accompanied by cash. We decline to send perishable goods **C. O. D.** unless a partial remittance is made in advance as guarantee of good faith. All **C. O. D.** charges are to be paid by purchaser. We are not bound by these prices for any length of time. All quotations herein are subject to advance without notice.

We send out no seeds on commission. All shipments **F. O. B. Rochester.** Cable Address, **Vick, Rochester.**

## Prices of Flower and Vegetable Seeds

FIVE CENT PAPERS—Per 100, \$2.40; per 1000, \$22 00.

TEN CENT PAPERS—Per 100, \$4.80; per 1000, \$44.00.

Not less than 100 papers at the 100 rate, nor less than 1000 papers at the 1000 rate. Dealers who prefer can make their own selection from our Retail Catalogue at the above rates, provided not less than 100 papers are ordered, nor less than five papers of a kind. Where less quantity is desired a discount of 50 per cent. from retail prices will be allowed, except in cases where the price per packet is plainly stated in this catalogue.

All **Novelties** at packet prices are net, from which there are no discounts.

Ounces and fractions thereof 40 per cent. discount from retail prices. Flower Seeds by the ounce and pound, and Vegetable Seeds by the pound and bushel, are priced net in the body of this catalogue—ten pounds the minimum amount at the hundred rate, except that in case of Peas, Beans and Corn 20 pounds is the minimum amount at the 100 pound rate;  $\frac{1}{4}$  pound at the pound rate;  $\frac{1}{4}$  bushel at the bushel rate. Smaller quantities at a slight advance. For scale of prices on Flower Seeds in fractional parts of an ounce see pages 20, 21 and 22. No quantity of seed packed from bulk for less than ten cents. When smaller quantities are required use the five or ten cent papers, taking advantage of the discounts indicated above.

## Boxes of Flower Seeds

For the convenience of seed dealers we put up boxes of seeds in papers, embracing those varieties most in demand, and in such proportions as our long experience has taught us are called for.

THE BOX OF FLOWER SEEDS contains \$5.00 worth of retail papers; price to dealers \$2.40; also, \$10.00 worth for \$4.80. As these boxes are filled early in the season, before the rush of spring orders begin, no changes can be made from the assortments we have put up.

## SHIPPING

Purchasers will please send explicit shipping instructions with each order. Where no such instructions are given we shall exercise our best judgment in the matter; but when goods have been so delivered at the freight or express station, in Rochester, in first-class condition, addressed as ordered, we disclaim all responsibility for any accident, damage, or delay en route. When goods are desired sent by mail, postage must be added at the rate of 10 cents per pound, otherwise we will deduct enough from the order to cover postage or add the postage to invoice as the case may require.

While we exercise great care to send out Seeds, Plants and Bulbs of the best types and of high germination, we give no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any seeds, bulbs or plants we send out, and we will not be in any way responsible for the crop. If the purchaser does not accept goods on these terms they are at once to be returned and any payments made in advance for same will be refunded.

# Vick's Trade List for 1918

 A Telegraphic Cipher is attached to each article, which will enable orders to be sent by wire at comparatively little expense. For example:

**Two Balcon** means two bushels Improved Rustless Golden Wax Beans; or  
**Fifty Berg** means fifty pounds Detroit Dark Red Beet, etc.

**This Telegraphic Cipher cancels all formerly printed.**

Ten pounds or more will be charged at 100 pound rates; quantities of one pound and less than ten pounds at the pound price. For quantities of less than one-fourth pound a slight increase over the pound price is necessary. Bags and boxes at cost.

For some few articles, in larger lots than herein quoted, we will make special prices by mail or wire.

**PRICE NET, WITHOUT DISCOUNT.**

Improved Rustless Golden Wax and Refugee Wax Beans are leaders both for the market or home garden. Our stock is home grown and shows good germination and quality. Place your order early. Short crops made most varieties very scarce.

IMPROVED RUSTLESS GOLDEN WAX

**Improved Rustless Golden Wax.** A strong grower, positively free from rust. Pods are meaty and well filled, of fine quality, and stringless from first to last. With its fine quality, hardiness, productiveness and freedom from rust, it has become a general favorite and a great improvement over the old-fashioned Golden Wax.

Vick's improved strain of Danish Ballhead Cabbage has given the greatest satisfaction ever since its introduction. Many of the leading cabbage growers have used our seed for years and pronounce it much superior to any other strain in productiveness, solidity and long keeping qualities.

## Vick's Improved Danish Ballhead Cabbage

Of the many varieties of Cabbage introduced within the past few years none have attained a greater popularity, or given such general satisfaction as Vick's Improved Danish Ballhead. The fame of this particular strain has become world wide. It commands a higher price in the market than any other variety. It is remarkable for the solidity of its head and long keeping qualities. The heads are of medium size, with few outer leaves, admitting of close planting; exceedingly fine-grained, hardiest of all, tender, crisp, solid, with no waste heart. Will average six pounds per head. Our stock comes direct from the best growers in Denmark.

## Vick's Golden Dwarf Self-Blanching Celery

Here in Rochester we are located in the heart of one of the most famous celery growing regions in the country. It is not an uncommon thing for a single grower to ship from ten to twenty carloads of celery to New York, Philadelphia, Pittsburg and other celery markets. The leading growers pronounce our Golden Dwarf Self-Blanching to be superior to all other strains of this variety, in quality, yield and salability. Dwarf, stocky, compact, rich golden yellow. Solid, tender, crisp, and of exquisite flavor.

**Vick's Golden Nugget Corn.** This extra fine variety was introduced by us in 1892. It is now the largest selling variety we catalogue, and steadily growing in popularity with our customers. Ears are twelve rowed, large and handsome. The color is a rich creamy yellow. In flavor it is unusually sweet and delicious. As a variety it is one of the most productive, frequently having from two to four ears to the stalk. In season follows a few days after the early varieties. Ears larger and more prolific than Golden Bantam, tender and unusually sweet. Ready for market only a few days after the earliest.

### CORN—SWEET or SUGAR.

Sweet Corn, if exposed to a low temperature in transit, even after being thoroughly cured, will gather more or less moisture and sometimes spoil. To avoid this the corn should be examined as soon as received and if necessary spread out in a dry place.

Reports indicate the most disastrous crop shortage of Sweet Corn on record. While our own farm grown stocks are better than the reported average, due to extraordinary care and enormous expense, our stocks are inadequate for our regular catalogue trade. To quote the following low prices, therefore, proves our desire to share our limited supply with our regular trade for the greatest good of all. These prices are subject to withdrawal or change at any moment without previous notice.

**Vick's  
Lemon  
Cucumber**

We take this space to explain that Vick's Lemon Cucumber is not the same as the Garden Lemon, as many seedsmen apparently suppose. Vick's Lemon Cucumber is a genuine Cucumber of extra good quality and commercial value, which originated on our own farm, and which we have catalogued for a number of years. The Garden Lemon is not a Cucumber at all, but belongs to the Gourd family.

Vick's Abundance Cucumber best for forcing out-of-doors. See page 22 of Retail Catalogue.

**Vick's Perfection White Spine**

Unrivalled in shape, size, color and productiveness. Without doubt White Spine and Long Green Cucumbers have larger sales than any other varieties. Now, there is a good deal of difference in the quality of the various kinds of seed sold under the above names. Our strains of these varieties have been carefully developed through selections from year to year, until in our estimation the fruit from our seed surpasses both in quality and yield any other strains.

### VICK'S IRONDEQUOIT MUSKMELON

Without doubt the finest Muskmelon ever grown, either for commercial purposes or for gardens. The flesh is a beautiful dark orange, skin is finely netted, yellow when ripe, possessing a most attractive appearance. The fruit is large; the flavor is delicious, sweet, rich and spicy. Every ounce of seed we offer comes from melons grown under our own supervision, and the seed stock selected by the most experienced men we employ. This melon holds the Rochester market to the practical exclusion of all other varieties. Moreover, whenever Vick's Irondequoit Muskmelon is offered on the markets of other large cities, it brings higher prices than any other kind.

## Vick's Early Scarlet Globe Radish

As a forcing Radish Vick's Early Scarlet Globe has established a reputation as the leading sort—the best in every way. It is handsome in form and color—a beautiful oval and rich scarlet. The amount of its foliage is small compared with other varieties, and small for the size of the Radish. The peculiar merit of this variety as a forcing Radish is that it will bear the heat requisite for forcing without becoming pithy or spongy. The flesh is crisp, tender, juicy and mild. It is equally as good for open garden culture as for forcing, and therefore it commends itself equally to the amateur and the market gardener. The dealer who sells this stock sells the best.

*Our sales of this variety are rapidly increasing every year.*

# Grass and Clover Seeds

*Net cash. Prices subject to market fluctuations.*

Prices quoted on this page are for best grades only. We do not attempt to compete with much of the stock offered in the grass seed markets. Believing that our business is best advertised by high quality rather than competitive price we solicit orders only from those who believe that the best is always the cheapest. We can furnish any variety of the Fancy Grasses and will mail special prices on application. Ten pounds at 100-pound rate.

Big Boston Lettuce is more extensively used for market than any other variety. Plants are sure headers and stand a long time before seeding. Get the best Vick's Special or Selected Strain.

# VICK'S FLOWER SEEDS

**T**HE flower seeds we offer are grown largely upon our own farms; others we have grown for us on contract and under our personal supervision by the very best specialists both at home and abroad; and in climates and soils best adapted for each particular variety. The seeds used in mixtures are selected from flowers the *brightest in color* and *most perfect in form* and can be relied upon for purity and vitality.

## VICK'S FAMOUS ASTERS

The Aster is now the most important, commercially, of the summer and autumn flowers, and we are very proud of the part we have taken in its development. We are now the largest growers in the world of high grade Aster Seed, and we have introduced more good varieties than all other American seedmen combined.

For the benefit of Florists and others especially interested in Asters we issue a Florists' Aster Book giving illustrations of all the leading varieties. The handsomest work of its kind ever published. Free.

**Vick's Autumn Glory.** 1-16 oz., 20 cents;  $\frac{1}{8}$  oz., 35 cents;  $\frac{1}{4}$  oz., 65 cents;  $\frac{1}{2}$  oz., \$1.20; 1 oz., \$2.00.

New Double Flowering . . . . .	¼ oz., 40 c.	1 25
<b>Vick's Extra Early.</b>		
Earliest of all. Is a new strain developed by us, selected especially for earliness and size of bloom. Plants grown from seed sown in the open ground in May, on our own farm, begins to bloom in July and continues to bloom until frost. The plants are about three feet in height. Flowers are as large and fully as beautiful as the best late flowering kinds.		
Vick's Extra Early, Pure White . . . . .	45	4 50
"    "    Soft Pink . . . . .	45	4 50
"    "    Crimson. . . . .	45	4 50
"    "    Mixed Colors . . . . .	30	3 50

Vick's Extra Early Cosmos is another of our selections grown on our farm. It begins blooming in June, continuing until late in the fall.

--	------------------------------	------

Vick's Ruffled Petunias are the best that can be grown. One large greenhouse is devoted to them, All are pot grown and hand hybridized. If you want the best large ruffled flowered Petunias plant Vick's Ruffled. After studying for weeks the brilliant coloring and delicate threads or veins in every conceivable hue, an artist whose color sketches of flowers are greatly admired, says: "No human being can ever depict accurately in colors the exquisite beauty and intricate detail of your Ruffled Petunia. Its gorgeousness baffles description."

SWEET WILLIAM, HOLBORN GLORY

We grow large quantities of Sweet William on our farms, saving the seed from the most perfect type of plants. The strain we offer is superior to much of the stock imported from Europe.

## FACTS ABOUT GRASS SEED MIXTURES

The most essential thing in making a lawn is good seed. On ordinary soil, well fertilized with either pulverized sheep manure or stable litter, and with proper moisture, good seed will grow. The price of lawn grass seed varies greatly according to quality. The cheap seed offered consists mostly of chaff, and if used, the planter will find his grass coming up in patches or very thin. If good seed is planted it will come up thick and make a good permanent lawn. Our lawn mixtures are composed of the very highest grades of grasses, free from all weeds and other impurities. Almost every seed in a bushel of twenty pounds will grow. Do not be humbugged with cheap seed; buy the best and have a lawn that will last indefinitely and be a permanent pleasure to you.

# Best Spencer Sweet Peas

Progressive florists are growing increasing quantities of the splendid large flowering Spencer varieties of Sweet Peas. We have made thorough trials of all the newer varieties with especial reference to their value for market purposes. We believe that the carefully selected list offered below includes all of the Spencer Sweet Peas now in cultivation, that are of value to the commercial grower.

	Per oz.	¼ lb.	Per lb.
America, Spencer, striped red and white . . . . .	\$0 20	\$0 60	\$2 00

# New Early-Flowering Long-Season Spencer Sweet Peas

Immense waved orchid-like flowers on long stems that bloom four weeks earlier than the late Spencers, and continue to blossom for four months. For forcing or open-ground culture.

**Early Morning Star.** Deep orange-scarlet or flame color in standard with rich orange-pink wings. It does not burn in the open, and under glass will be magnificent. The flowers are large and of best Spencer form, and are borne in threes and fours in wonderful profusion. **Packet of 15 seeds, 20 cents.**

**Early Song Bird.** We are sure this will be the early pale pink for florists. The flower is the same color as the "Florence Morse Spencer," and has the same excellent form and features of "Mrs. Hugh Dickson," but is on white ground. The placement of the flowers is splendid for packing, and the flowers are borne on long stems in threes and fours. **Packet of 25 seeds, 20 cents.**

**Early Melody.** Deeper shade of pink than "Early Song Bird," on white ground, closely resembling "Countess Spencer" and near "Hercules." Can be described as rose pink on white ground. Four large well-waved flowers are borne on nearly every stem. **Packet of 25 seeds, 20 cents.**

**Early Spring Maid.** The color is light pink on cream ground, and blossoms have the same splendid characteristics as "Mrs. Hugh Dickson." There is no Early Spencer cream-pink as attractive as "Early Spring Maid." **Packet of 25 seeds, 20 cents.**

**Early Snow Flake.** Pure white. This is the best Early-Flowering Spencer we have seen. The blossoms are very large and of the best waved Spencer form. The flowers are borne in wonderful profusion on long stems. This will be in great demand by all who grow for market. **Packet of 15 seeds, 20 cents.**

**Early Heather Bell.** This will be one of the most popular shades with all florists, as it will be so useful in making up for any occasion. Flowers are very large, borne in fours and threes on stout stems. Color is a rich, pleasing mauve. After standing in water becomes mauve lavender.

**Packet of 25 seeds, 20 cents.**

## Winter-Flowering Sweet Peas

Grown Especially for Forcing

	Per oz.	¼ lb.	Per lb.
Christmas White, (Mont Blanc) . . . . .	\$0 15	\$0 50	\$1 50

ZINNIA

**VICK'S ASTER OFFERINGS**

**Florists' Offer No. 1**—For the benefit of florists who want only a small quantity of each variety for trial purposes, we offer one retail packet each of any six of our newer varieties, your choice, including our booklet, "How to Grow Asters," regular price 10 cents, for 90 cents.

**Florists' Display No. 2**—One packet each of any twelve varieties, twelve packets in all, including "How to Grow Asters," \$1.75.

**Florists' Exhibition Offer No. 3**—Twenty five packets, your choice of any color or variety offered in this catalogue, not more than one packet of each kind, including our booklet, "How to Grow Asters," \$3.00.

**Florists' Prize Offer No. 4**—Fifty packets, your choice, one each of any fifty kinds mentioned in this catalogue, including all our novelties, our booklet, "How to Grow Asters," and a handsome lithographed picture of Asters with no wording or advertising of any sort, \$5.00.

**Florists' Gold Medal Offer No. 5**—For florists who desire to make the largest possible displays in varieties and colors of high grade Asters, we offer one packet each of seventy-five varieties of Asters, including all that are offered in this catalogue and additional varieties from our retail catalogue, seventy-five packets in all, amounting to nearly \$12.00 at regular retail prices, our booklet, "How to Grow Asters," and the Aster picture described above, \$6.00.

**Florists' "Class and Color" Offer No. 6**—One packet each, Rochester Lavender Pink, Perfection White, Mikado Rose and Autumn Glory, total value at retail 75 cents, for 35 cents.

# VICK'S DAHLIAS

## CACTUS VARIETIES

**Cactus Dahlias** have large, loosely formed flowers. The long, narrow petals are variously rolled or twisted. The flowers, many of which are nodding on slender stems, are the most graceful and artistic of all the Dahlias.

**Dozen, \$1.25 ; 100, \$8.00 ; except as noted.**

Not less than 6 at the dozen rate; 25 at 100 rate.

**Countess of Lonsdale.** Rich salmon, tinted apricot. Hardy and very free flowering. Dozen, \$1.50; 100, \$10.00.

**Kriemhilde.** Exquisite combination of ivory white and pink. "Queen of the Cactus Dahlias."

**Matchless.** Dark, velvety maroon.

**Mrs. Jas. Mace.** Delicate blush pink.

**Princess.** Pure white.

**Volker.** Clear lemon yellow.

## DECORATIVE VARIETIES

**Decorative Dahlias** are intermediate between Cactus and Show. The massive flowers are not so globular as the Show and the petals are broad and somewhat flattened.

**Dozen, \$1.25 ; 100, \$8.00.**

**Catherine Duer.** Cherry scarlet, overlaid crimson.

**Constancy.** Rich reddish orange, shaded bronze.

**Jack Rose.** Rich velvety crimson, early and free flowering.

**Lord Lyndhurst.** Rich glowing scarlet. Fine long stemmed flowers.

**Minnie McCullough.** Yellow, overlaid with bronze.

**Zulu.** Jet black. Changing to black maroon.

## SHOW VARIETIES

The old fashioned double Dahlia. Ball-shaped flowers; the petals quilled or tubular. As a class they are more formal than the Cactus or Decorative. They still retain their old time popularity, on account of their long stiff stems and their lasting qualities as cut flowers.

**Dozen, \$1.00 ; 100, \$7.00.**

**Ada Tiffin.** Light peach, tinged with rose.

**Arabella.** Pale primrose, tipped lavender and shaded rose. A charming color and an early, free blooming flower.

**Bird of Passage.** White, tipped with pink.

**Miller's Red.** Dark crimson scarlet. Large and free flowering.

**Red Hussar.** Brilliant glowing scarlet. Lighter shade than Miller's Red and not quite so large. Free flowering.

**Red Warrior.** Rich Crimson scarlet, full to the center, very free.

## Elizabeth Dunbar. The New White Salvia.

Elizabeth Dunbar appeared as a chance seedling in the Rochester Parks in 1910. Since its first appearance it has been much improved from the original plant. The corolla is pure white and the calyx cream white. The flower spikes are from six to eight inches long. The individual flowers are one and three-fourths inches long. The plants grow about two and one-half feet in height. It flowers freely and blossoms abundantly throughout the summer, and comes true to seed. Potted plants produce a profusion of flowers in the greenhouse in winter.

# FERTILIZERS

## PULVERIZED SHEEP MANURE

**CONVENIENT.** Being thoroughly dried and finely ground. Pulverized Sheep Manure is in a convenient form for use on the lawn, in the garden, in the greenhouse, or for potting soil. Most of the weight has been removed in drying.

**NATURAL.** A pure animal fertilizer, dried and pulverized. No chemical change or loss of plant food occurs in drying and grinding. Adds organic matter to the soil by nature's own method.

**INOFFENSIVE.** Unequaled for the lawn. In effect it is a top dressing of stable manure, without any unsightly appearance or offensive odor.

**NO RISK.** Contains no acids or chemicals to burn the sprouting seeds or roots of plants. May safely be used wherever stable manure would be desirable, and without inconvenience or discomfort.

The most satisfactory fertilizer for lawns.

We have used Pulverized Sheep Manure on our own farm quite extensively for **Field Crops**, with excellent results. For this purpose we use a grain drill as for commercial fertilizers.

**In the Garden** Pulverized Sheep Manure is convenient; it furnishes plant food in the best form for growing plants of all kinds; and it adds organic matter or humus, to the soil, thus keeping it in a good mechanical condition. Commercial fertilizers cause the soil in time to become hard and dry.

Price, 100 lbs. \$2.25; per ton, \$37.50, f. o. b. Rochester. Per 100 lbs., \$2.00; per ton, \$32.50, f. o. b. Illinois Stock Yards.

**Nitrate of Soda** (Chili Saltpetre). The best and cheapest form of Nitrogen for plants. Highly concentrated and immediately available. Nothing like it to make plants grow. 5 lbs., 50 cts.; 25 lbs., \$2.00; 50 lbs., \$3.50; 100 lbs., \$6.25.

**Imported Scotch Soot.** Original sack (about 108 lbs.), \$4.00.

**Pure Raw Bone Meal.** Per sack of 100 lbs., \$3.25; ton, \$55.00.

**Bone Flour.** Per bag of 100 lbs., \$3.00.

## Insecticides and Appliances

(Note—Liquids and poisonous powders cannot be sent by mail.)

Directions for using printed on each package.

**Arsenate of Lead, Paste.** Takes the place of Paris Green. 1 lb., 40 cents; 5 lbs., \$1.75; 25 lbs., \$3.75; 50 lbs., \$6.50; 100 lbs., \$12.50; 200 lbs., \$24.00.

**Arsenate of Lead, Powdered.** Much superior to the Paste. 1 lb. 60 cents; 5 lbs., \$2.75; 10 lbs. \$5.25; 25 lbs., \$12.00; 50 lbs., \$23.00; 100 lbs., \$45.00; 200 lbs., \$85.00.

**Aphis Punk.** An effective fumigating paper. Per box of 12 rolls, 60 cents; per dozen boxes, \$6.50.

**Bordo-Lead.** A combined insecticide and fungicide. 1 lb.; 35 cts.; 5 lbs., \$1.50; 10 lbs., \$2.75; 25 lbs., \$6.00; 50 lbs., \$11.00; 100 lbs., \$21.00.

**Bordeaux Mixture.** Recommended by all the leading experts for general spraying, quart 45 cents; gallon, \$1.15; 5 gallons, \$4.75.

**Black Leaf 40.** A concentrated solution of Nicotine-sulphate which does not evaporate, like "free" nicotine, in ordinary temperatures. Therefore especially valuable for spraying in the gardens, nursery, or orchard. 1 oz. bottle, 25 cents; ½ lb. can, 75 cents; 2 lb. can, \$2.50; 10 lb. can, \$10.75.

**Bug-Death.** For potato bugs and blight; contains no arsenic; does not wash off.

1-lb. package . . . . .	\$0.20	12½-lb. package . . . . .	\$1.35
3-lb. package . . . . .	.50	100-lb. keg . . . . .	8.00
5-lb. package . . . . .	.75		

**Dickey's Powder Duster.** For applying Bug Death and other insecticides in powdered form. Each, 35 cents.

**Dalmatian Insect Powder.** The true "Persian" insect powder. ¼ lb., 25 cents; ½ lb., 40 cents; lb., 75 cents.

The Prices on this page are Net Cash.

- Fish Oil Soap.** Used as a wash for roses, trees, and plants affected with insects. 1-lb. box, 25 cents; 5 lbs. or over, 15 cents per lb.
- Hellebore.** Pure and fresh; used largely for currant worms, etc.  $\frac{1}{4}$  lb., 20 cents;  $\frac{1}{2}$  lb., 35 cents; 1 lb., 60 cents.
- Kerosene Emulsion.** 65 per cent. oil. For scale insects, aphids, etc. Used in large quantities. Highly recommended. Quart, 45 cents; gallon, \$1.25; 5 gallons, \$4.75.
- Improved Kil-Tone.** A combined insecticide and fungicide. To control leaf-eating insects. 1 lb. package, 30 cts.; 10 lbs., \$2.50; 150 lbs. at 18 cts. per lb.
- Lamps for Fumigating.** Each, 65 cents.
- Lime Sulphur Solution.** Use in proportions 1 gal. to 40 gals of water. Apply in fall or spring. Quart, 40 cents; gal., \$1.00; 5 gals., \$3.25; 10 gals., \$5.00.
- Nicotide.** (Liquid). For fumigating or spraying. Contains the active principles of tobacco.  $\frac{1}{4}$  pint, 60 cents;  $\frac{1}{2}$  pint, \$1.15; 1 pint, \$2.25; 1 quart, \$4.25;  $\frac{1}{2}$  gallon, \$8.00; 1 gallon, \$14.50.
- Nicofume Liquid.** Used for same purposes as Nicotide. Guaranteed 40 per cent. Nicotine.  $\frac{1}{4}$  lb., 50 cents; 1 lb., \$1.50; 4 lbs., \$5.50; 8 lbs., \$10.50.
- Nicofume Paper.** Best tobacco for fumigating, packed in special friction top cans. Quart cans (24 sheets) 85 cents; 1-gross cans (144 sheets), \$4.00; 2-gross cans (288 sheets), \$7.50.
- Nikoteen Liquid.** Thirty per cent. strength for spraying; strongest, purest and most economical. Death to Aphid or Green Fly, Red Spider, Mealy Bug, Thrip and other forms of pests.  $\frac{1}{2}$  lb. bottle, 85 cents; 1 lb., \$1.50; 4 lbs., \$5.00; case of ten 1 lb. bottles, \$13.00.
- Paris Green.** A poisonous, insoluble powder, used extensively for potato bugs, etc. Applied as a powder, mix with plaster or flour; in solution, mix in 200 to 300 gallons of water.  $\frac{1}{2}$  lb., 50 cents; 1 lb., 75 cents.
- SCALECIDE.** Used for the destruction of the San Jose Scale. Dilute at the rate of one gallon Scalecide to 20 gallons of water. Scalecide does not clog hose, nozzle or pump, and is pleasant to use. 60 cents per qt.; \$1.50 per gal.; \$5.50 per 5 gals. Charges not prepaid.
- Slug Shot.** Non-poisonous powder for potato bugs, cabbage lice and worms, currant worms, etc. 1 lb., 20 cents; 5 lbs., 60 cents; 10 lbs., 90 cents.
- Sulpho-Tobacco Soap.** Used as a wash for roses, trees, and house plants. Also for insects on animals. Small size, 3-oz. cake, 10 cents; dozen, \$1.00; large size, 8-oz. cake, 15 cents; dozen, \$1.75.
- Tobacco Dust.** (Extra good quality). Per lb., 6 cents; 10 lbs., 50 cents; 100 lbs. \$4.50.
- Tobacco Dust for Fumigating.** 10 lbs., 40 cts; 50 lbs. \$1.75; 100 lbs., \$2.85.
- Vick's Excelsior Insect Exterminator.** Destroys Striped Fleas, Cabbage Lice, Green Cabbage Worms, Potato Bugs, Aphid, Squash Bugs, etc. Harmless to plants or vegetables. Sure death to all plant insects, particularly the Green Cabbage Worm

Apply exterminator by means of the Bellows illustrated. The Bellows can be worked as fast as a person would ordinarily walk.

Powder, per pound, 28 cents; 10 lb. lots at 25 cents per pound; 100 lbs. . . . \$23.00  
 Bellows, eight-inch . . . . \$2.00 Bellows, twelve-inch . . . . . \$2.50

## Auto-Spray No. 1

The Auto-Spray No. 1 is the best compressed air sprayer made. Strongly built and guaranteed to be satisfactory and without defect. Will handle all solutions, including whitewash, and can be used in all kinds of work. All parts are instantly accessible and easily replaced. Equipped with 2 feet of ½-inch hose, nozzle for fine spray, cap for solid stream and either stop-cock or our patented self-cleaning shut-off ("auto-pop") as ordered.

Auto-Spray No. 1-A—Brass tank with stop-cock .	\$7.10
Auto-Spray No. 1-B—Brass tank with auto-pop .	7.50
Auto-Spray No. 1-C—Galvanized t'nk with stop-cock	4.70
Auto-Spray No. 1-D—Galvanized t'nk with auto-pop	5.10
Brass Extension, 2 feet . . . . .	.45
Brass Elbow . . . . .	.24
Brass Strainer . . . . .	90

## Auto-Spray No. 25

Compact design. Will handle all solutions. The entire front is removable by unscrewing the front cap, permitting the syphon tube to be withdrawn, should it become clogged. Fitted with two spray caps, one straight, and the other at an angle for reaching the under side of broad leaves. Will spray with tank at any angle. Solution does not come in contact with pump cylinder

## Vick's Own Selected Strain DANVERS YELLOW GLOBE ONION

**S**UCCESSFUL Onion growers use this strain in preference to all others. The seed is *Northern grown*, therefore adapted to growing in any section or climate. This variety is the standard in the eastern markets both for local use and shipping. It produces bulbs of usable size early in the season, so that it is a profitable variety all summer. The globe shape and the brownish-yellow skin make it attractive in appearance at all times. It is an extremely hard and solid variety. The bulbs average fully three inches in diameter; the flesh is pure white, crisp and tender, while the flavor is sweet and mild. It is a sure cropper, which fact combined with its other characteristics makes it one of the best and most popular sorts, both for home use and for market.

**A Money-Maker  
For All Who Grow Them**

# Vick's Special Strain of Big Boston Lettuce

The very best  
Lettuce for the  
Market  
Gardener

Leads all  
Others as a  
Shipping  
Variety

Sure Header
